

CABBAGE WHITE BUTTERFLY

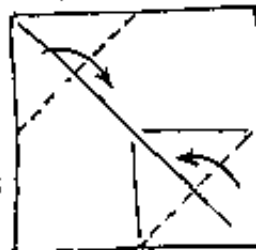

A 4
E 10
B 98

① Start with a 3" square of white paper. Pre-crease one diagonal.

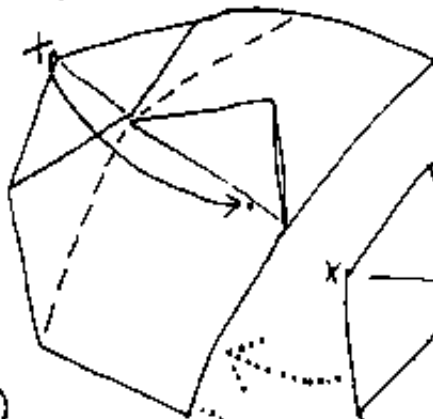

② Pre-crease half book folds around diagonal.

③ Fold opposite corners to center.

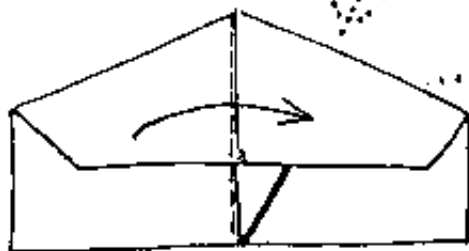

④ Pinch up the overlapped flap at lower right, on existing creases. Model becomes concave. (note x)

⑤ Flatten protruding triangle to one side.

⑥ Squash-fold so X lies along raw edge of flattened triangle.

⑦ Fold paper in half.

⑧ Sharpen creases, then loosen model by pulling lower flaps apart. (Y, Z)

⑨ Flip model over.

⑩ Thread butterfly from below, up through the center of the VFs. Hang several in a breezy place.
