

CROWNED CRANE

Use a square of paper a different color on each side (duo-color, kami, or cut from a magazine or catalogue) so crane will be one color and crown will be the other. (if paper is thick, eliminate step 3a)

Crowned crane, p2

- 10
 a) Pre-crease.
 b) MTF while folding a's creases into an ORF.

- 11
 a) ORF.
 b) Foot fold both feet.

- 12 Crimp beak.

- 13 Push thumb into model at a + press down on back (b) with forefingers while holding model at circle with other hand. Indent a diamond shape.
 c) IRF tail.

- 14 Adjust feet to make crane stand.
 Refresh crown pleats, or if unpleated, pinch mtf's to suggest plumes (as X).

A
B

This crane will stand, too.
