

LONG BONE

Use a square of white paper. (Fold two and glue one to the other at an angle for the crossbones to accompany Uncle Skulsy.)

① a) Pre-crease.
b) Cupboard-fold.

② VF near layers.

③

Top edge-on view (loosened).

④ Pre-crease

⑤ Pinch folded edge on existing mth. crease + bring to rest on middle. Repeat on right.

⑥ Pre-crease at pinch X.

⑦ Bring top left corner to folded edge and pinch at X.

Detail

⑧ Swivel-fold near layer. (Dots = VF on underlying layer.) Repeat.

⑨

⑩ VF, pulling corners down + squashing paper underneath.

Long Bone, p.2

12 In progress.

13

Repeat 7-12 at other end.

14

VF near left layer snugly against middle strip. Ends will pop up + resemble a canoe. Note corner X.

15 Spread-squash as follows: Hold down with a fore-finger at circle. With other hand, push the two edges flat to the table.

16 Flatten. (spread squash in progress)

17 Repeat at other end, + repeat 14-17 the right.

18 a) VF snugly along middle strip.
b) VF with a squash at c.
Repeat b and c at X and entire step on the right.

19 a) VF tip.
b) VF (note angle).
Repeat on other 3 sections.
