

NOVENE STAR

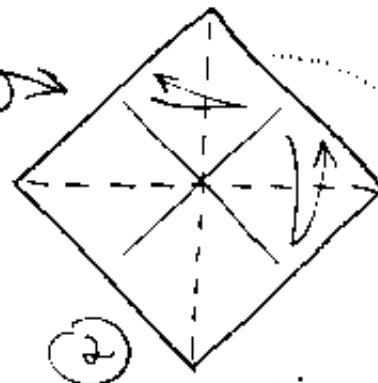

AE
B
3.
13.
61

This star starts out with the Christmas tree unit by Rae Cooker in "The Magic of Origami" by Gray & Kasahara.

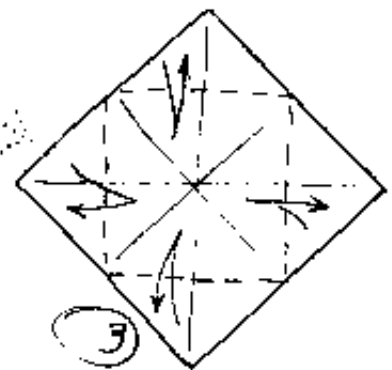

Use a square of duo-color paper. One color will be underneath but visible. A 10" square yields a 5 1/2" tall star.

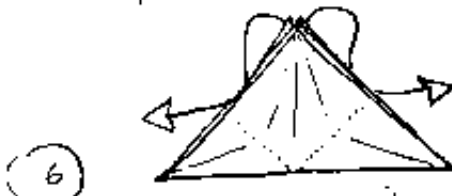

① White or under-color up. F-UF books. Flip.

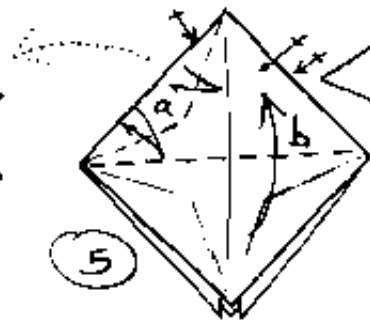

② F-UF diagonals

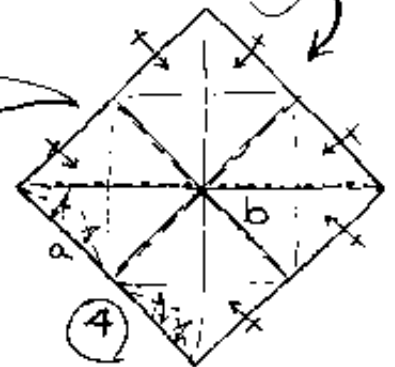

③ F-UF a blintz Flip.

④ IRF the lateral (hidden) flaps.

⑤ a) F-UF on left sides 4 times.
b) VF on blintz creases all around.

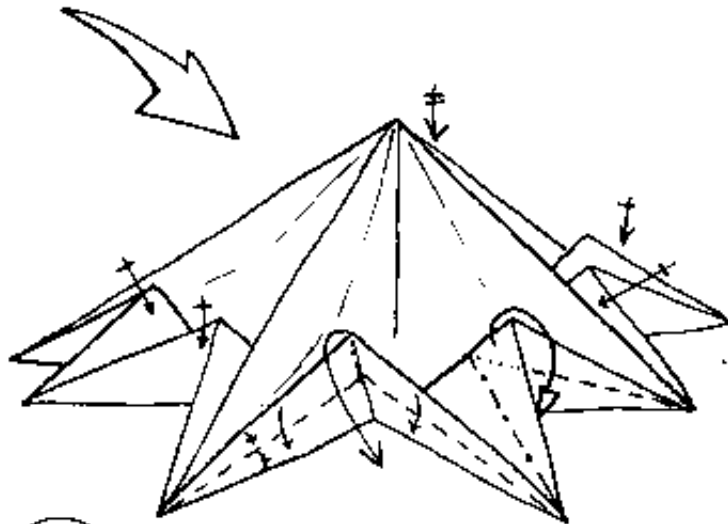

⑥ a) F-UF all around edges.
b) Collapse into a preliminary fold.

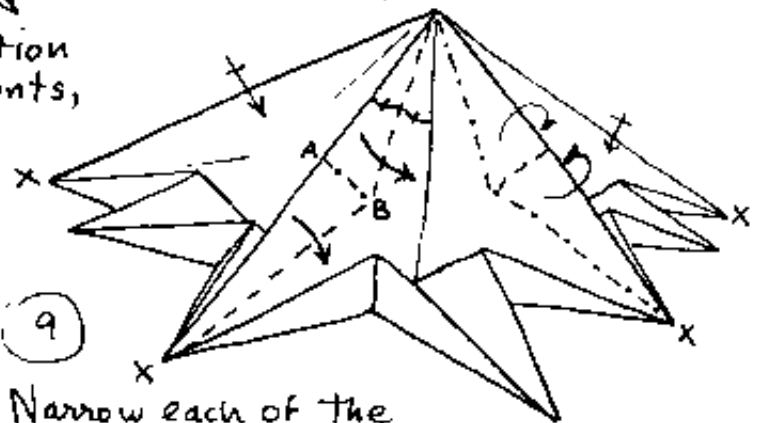

⑦ Repeat with the 2 remaining flaps, loosening side flaps to do so.

Note: steps 5-9 were traced from Ms. Gray's diagrams.

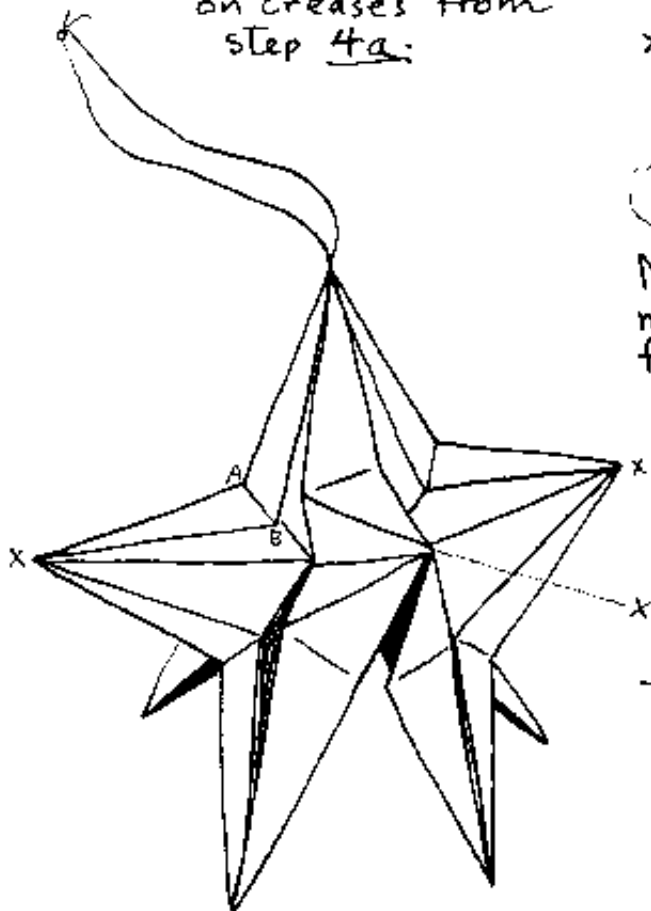

Novene Star, p 2

8 Narrow each section of the protruding points, on creases from step 4a:

9 Narrow each of the main vanes on the creases from step 5a. Pull tips of main vanes (marked x) up to peak to sharpen small crease marked A-B, & pull remaining tips down.

Thread to hang.
