

Design by Mitsunobu Sonobe Diagams by Sara Adams http://www.happyfolding.com

- 1. Start with the colour-side up and form a preliminary fold.
- 2. Enlarged view: Squash fold the right flap to the left symmetrically.
- 3. Fold one layer back to the right. Repeat 2. on the other three flaps.

6. Fold the right flap to the center, squash folding to flatten the model.

7. Repeat 6. on the left and behind.

- 5. Repeat 4. on the other three flaps.
- 4. Reverse-fold one layer of paper while folding one flap to the right.

8. Fold one layer to the right. Repeat behind.

9. Fold the four flaps each to the central crease.

10. Curl all four petals of the flower to finish the model.
